COMMERCIAL CONDITIONS

ABOUT US

¿WHAT IS NEUTRA?

NEUTRA is a brand of electric racing motorcycles for young riders. Our purpose is to manufacture the best motorcycles in our segment, while protecting the planet.

Created by professionals with extensive experience and significant achievements in the sector, whose passion for motorcycles remains intact. We believe that experience and passion form a powerful combination; experience provides the wisdom and skills that drive success and innovation, while passion fuels the enthusiasm and dedication necessary to achieve excellence.

Based in Barcelona, NEUTRA not only offers a product of European origin, but also invests significantly in technological developments that will mark the future of electric motorcycle competition.

International commercial vocation with an initial stage in which 80% of our sales will come from exports to Europe. Later, the brand will expand globally.

SERIES 3 RANGE

NEUTRA SERIES 3

NEUTRAL Range Series 3

The Series 3 consists of three models:

K3 Factory · K3 Club · Kountry 3

All three models share premium components and reflect NEUTRA's commitment to quality, innovation, and excellence.

Aluminium frame and swing-arm

Lightweight and extremely durable.

Wheels with reinforced spokes to withstand the most demanding conditions.

In-house power-train

2,800 W engine, NEUTRA controller and latest generation 2700 Li-ion cell battery.

5 power maps.

Specific configurations according to the model and driving style of each user.

BIKE CONFIGURATIONS

NEUTRA K3

K3 Factory – Limitless Performance

Premium version of the range.

Maximum power, high-performance components, and up to 4 hours of battery life.

A true trials bike in a children's format: a professional experience for the most demanding young riders.

K3 Club – Learn and Enjoy with Confidence

Progressive and controlled power maps.

Up to 3 hours of battery life to enjoy trials riding at your own pace.

Designed for clubs and schools, ideal for beginner riders who want to progress safely.

Kontry 3 – Freedom to Explore

Includes a built-in seat for greater comfort and versatility.

Perfect for those who want to combine trials riding and off-road excursions.

Agility, range, and comfort to enjoy the mountains without sacrificing the thrill of riding.

POWER PARTS

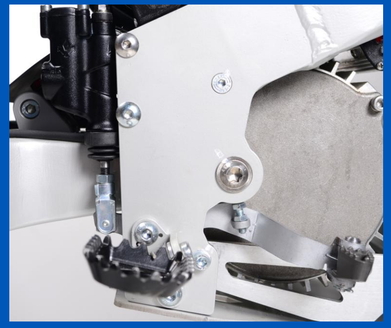
NEUTRA K3

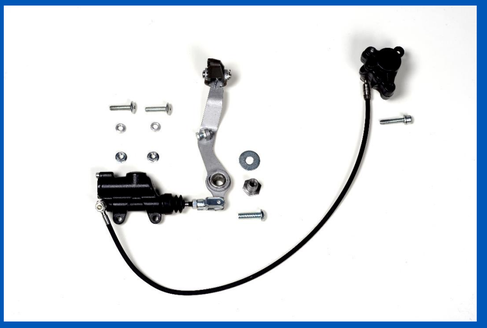
We have developed a line of accessories designed to go along the progress of the youngest, helping them to evolve in their riding and prepare for the next challenges.

As their skills improve, they will be able to incorporate enhanced parts that make a difference in their riding experience:

- **Foot brake kit:** a key tool to gain control and technique, in addition to facilitating the transition to the big bikes of the future.
- **Seat:** greater comfort to also enjoy longer routes or varied terrain.
- **Gas shock absorber:** more absorption, more confidence, more stability.
- **10 Ah fast charger:** more time rolling, less time waiting.
- **Reinforced crankcase cover:** extra protection to face any obstacle without fear.
- **Long brake levers**: precision and ergonomics designed for hands in full development.
- Also: Suspension inflator, rim stickers, portable battery indicator, and more to come.

Because every detail matters when the goal is to grow, learn and enjoy to the fullest. NEUTRA evolves with you.





EXCELLENCE IN EVERY DETAIL
